

Jabra GN9100 Series Enterprise-class wireless performance

Jabra's GN9100 series wireless headset delivers enterprise-class call stability and audio performance with flexible configuration options, multiple wearing styles, and rock solid dependability. Roam up to 150m/450ft from your phone and take advantage of up to 12 hours of talk time. The GN9100 is built for heavy corporate use.

Choice of microphones to fit your personal office environment

The Jabra GN9100 series wireless headset offers three different microphone types – Noise Canceling, omni-directional noise filtering, and omni-directional sound tube – so you can configure the right headset for your unique acoustic environment.

Up to 12 hours talk time

The Jabra GN9100 wireless headset delivers an impressive 12 hours of talk time – so it can work as long as you can.

Up to 150 meters/450 feet of wireless freedom

With up to 150m/450ft of wireless range, the Jabra GN9100 series wireless headset gives you the freedom to do whatever needs to get done – all while your customer is still on the line.

Hearing protection with Jabra PeakStop™

Jabra's GN9100 wireless headset features PeakStop technology that clips off loud sounds before they can damage your hearing, keeping you and your team safe and productive.

Supervisor function lets up to 4 headsets join a conversation

Jabra's GN9100 wireless headset features multi-unit conferencing for up to four headsets on a single base, allowing others to quickly conference in with security and privacy for on-the-go collaboration or quick coaching sessions.

Jabra GN9100 Series product benefits

Noise canceling microphone

Digital Signal Processing for clearer sound

Clear sound is essential for a good conversation not to mention call efficiency and accuracy. Digital Signal Processing (DSP) in Jabra audio devices will remove background noise and echo as well as protect the user against sudden high peaks in volume. Call handling time and potential misunderstandings are significantly reduced.

Talk in comfort

Be kind to your ears

Assure total comfort with a wide range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

PeakStop™

Enhanced hearing protection

Jabra PeakStop™ technology clips off loud sounds before they can damage your hearing, keeping you and your team safe and productive.

150 Meter/450 feet wireless freedom

Hands-free communication up to 150 meters/450 feet

Get wireless mobility up to 150 meters/450 feet to fully control your Jabra hands-free solution with DECT technology. Answer calls, multitask and move freely around on your terms.

Remote Call Control

Seamless integration between your phone and headset

Answer and end calls on the Jabra audio device with seamless integration between your phone and headset. The remote call control gives you the power to multitask and be productive. With a Jabra wireless audio device you can control your call even when you are away from your desk.
