

## Auto/Air Laptop Power Adapter

K38033EU

### Product Description

The power to do more on the move. The Kensington travel laptop power adapter powers and charges your laptop from your car or through an aeroplanes EmPower® socket - the integrated USB power port also allows you to use your USB cable to charge your phone.

### Features

- Disclaimer: Some tips may not be compatible with all laptop models of the manufacturers as shown. Check [www.kensington.com](http://www.kensington.com).
- Smart power technology senses and delivers the amount of power needed to charge your laptop--no more, no less.
- 90 watts of continuous power, enough to power and charge even the largest 17" laptops
- Over current protection, over voltage protection, short circuit protection and over temperature protection
- Includes Smart Tips for: Dell®, HP®, Compaq®, IBM®, Lenovo™, Toshiba®, Sony®, Fujitsu Siemens®, Acer®, Asus® and Samsung® laptops
- Built-in USB power port charges your mobile phone, mp3 player and other mobile devices as well as your laptop from a single plug
- Output power: 90W
- Some laptop/devices have very specific electrical requirements which may result in no compatible connector becoming available for that laptop/device.
- Includes EU & UK plugs
- Powers and charges virtually all laptops from an auto or airplane DC outlet
- Input Voltage: 11-15VDC, 10.0A Max (global passenger vehicle compatible) / 15VDC, 5.0A Max (airline EmPower compatible)
- Output Voltage: 14-17VDC (5.0A Max), 17-21VDC (5.0A Max). USB: 5VDC (0.5A Max)
- Ultra thin ultra-compact design
- 600mm long DC outlet cable and 600mm long AC input cable
- Setup is easy with colour-coded smart tips
