Education

The DTK-2241 for Education

The DTK-2241 interactive pen display is a premium communication tool. The 21.5" LCD with high resolution and wide viewing angles provides a large screen for users to work on. The freedom of the pen allows you to turn static material into active and engaging content. Add drawings, sketches and diagrams to presentations or lesson plans to elaborate on key concepts and spontaneously integrate new ideas into the discussion. Five customizable ExpressKeys™ provide additional convenience by offering access to shortcut and commonly used functions.

Key Features:

- 21.5" IPS with full HD (1920 x 1080) resolution and wide viewing angles.
- Patented cordless, battery-free pen with 1,024 levels of pressure sensitivity for premium signing/writing experience.
- 5 user-assignable ExpressKeys™ to access common functions or tools.
- Integrated USB hub with 2 USB ports to provide easy access to your favorite USB devices.
- Built-in DVI-I pass-thru connector handles either digital or analog input and allows mirroring directly from pen display to another display.
- HDCP compliant
- Completely flat, textured, anti-glare surface.
- Adjustable stand allows for 15 to 72 degrees of incline for greater comfort.
- VESA mounting holes allow you to use third party arms and stands.

Software Neutral	100% Hand Rejection	Remote Learning	Durability
Wacom's interactive pen displays work with most annotation and education software so teachers can focus on students, not on learning new software.	Electromagnetic resonance (EMR) captures the movement of the pen, not accidental touches by the hand or finger, allowing you to write naturally on screen.	Connects directly to a projector or web browser to share your live annotations with students in your classroom or across the globe.	A durable writing surface and Wacom's patented battery-free pen technology contributes to a lower total cost of ownership.

DTK-2241

General Specifications

Dimensions (W x H x D, excluding stand)	22.3 x 15.2 x 2.2 inches (566.0 x 385.0 x 55.5 mm)
Weight (including stand)	214.4 lbs (6.5 kg)
Stand inclination	15° - 72°
Power supply	AC 100 - 240 V, 50/60 Hz
Power consumption	45W max (0.5W or less in sleep or off modes)
Communication interface	USB 2.0
Supported operating systems (tablet driver)	Windows 10/8.1/8/7 (32-bit, 64-bit) Mac OSX 10.9 and later

LCD Display

Display	IPS TFT Display
Cover plate surface	Tempered anti-glare etched glass
Screen dimensions	18.7 x 10.5 inches (475.2 x 267.3 mm)
Aspect ratio	16:9
Resolution	Full HD, 1,920 x 1,080 pixels
Viewing angles (horizontal/vertical)	178° (89/89) / 178° (89/89) (typ)
Luminance (brightness)	210 cd/m2 (typ)
Contrast ratio	900:1 (typical), 600:1 (min)
Response time	30 ms (typical)
Colors	16.7M colors

Tablet and Pen

Technology	Electromagnetic Resonance (EMR)
Coordinate resolution	2,540 lpi
Coordinate accuracy	± 0.02 inch (± 0.5mm) center
Report rate	133 points per sec.
Pressure levels	1,024
Security lock slot	Yes
Video connection	VGA and DVI
ExpressKeys™	5 user-assignable
Integrated USB interfaces	2
HDCP Compliant	Yes

Miscellaneous

Reading height	5 mm or more (center)
Pen storage	Integrated pen compartment, pen holder
Mounting system	VESA 100 mm
Software	Compatible with most annotation and collaboration software
Drivers	Wacom tablet driver
Warranty	1 year
